AR Daniel History & Representative Projects

AR Daniel Construction Services, Inc. was incorporated in March of 2005. Our leadership team brings to our projects over 175 combined years of experience in the trenchless construction industry. AR Daniel Construction Services, Inc. specializes in trenchless construction by various methods including boring, auger boring, pipe jacking and tunneling. A representative project list for AR Daniel Construction Services, Inc. is attached. Additional information on all the listed projects is available if desired.

At AR Daniel Construction Services, Inc. safety is a priority. Art Daniel serves as the person primarily responsible for safety, demonstrating the safety philosophy that safety is a basic value of the company from the newest laborer to the ownership of the company. In July 2022 the company reached three years without a lost time incident, underscoring the company's commitment to safety.
